

What a large data package!

ahamo Oomori

ahamo's international data roaming is available in 91 countries, up to 15 days a trip.

You can use up to 30GB every trip at no extra charge. Very convenient for short return trips!

*A restriction of data transmission speed will apply either when the usage exceeds 30GB or 15days.

The restriction will automatically be removed after returning to Japan.

Free domestic calls
for up to 5 minutes*1

Online-based Plan

With the Oomori option combined, you get

110GB for **¥4,950/month**

ahamo

30GB

for **¥2,970/month***2,*3

+

Oomori option

80GB

for **¥1,980/month**

To apply, scan the QR code here

※Please use your browser's translation function
and apply from the AHAMO website yourself.

*1 Calls exceeding 5 minutes are charged at a rate of ¥22/30 secs. "SMS" and outgoing calls to other companies' connection services, etc. are charged separately. *2 Costs of handsets are not included. *Some services may be unavailable with ahamo. *Additionally purchased data volume is available until the end of the current month of purchase. *Amounts listed include consumption tax. *ahamo is a plan which handles all the procedures from the application to various supports online. Customers wishing to receive support at the docomo Shop should use "ahamo WEB Application Support" ** (¥3,300 (incl. tax)) or "ahamo WEB Procedure Support" *** (¥3,300 (incl. tax)). When applying for the support service, customers are responsible for operating their own handsets. Initial setup of the handset and data transfer, etc. are not covered by this support. Customers wishing to receive assistance with initial setup of the handset and data transfer should apply separately for "Initial Setup Support(service fee required)". *3 When the data usage exceeds 30GB, a restriction of data transmission speed will apply. The restriction will be removed by charging the data amount or by applying for ahamo Oomori option. (You can charge the data amount at the rate of 550 Yen (incl. tax) per GB.)

** Assistance of the applications through the dedicated ahamo website based on the customer's request.

*** Assistance of the procedures on the dedicated ahamo website and ahamo app based on the customer's request.
